

Every year, an unacceptably high number of people get harmed due to unsafe and poor-quality health care.

Unsafe medication practices and medication errors are a leading cause of injury and avoidable harm in health care systems across the world.

The International Alliance of Patients' Organizations (IAPO) and Patient Academy for Innovation and Research (PAIR) in partnership with Dakshama Health are organizing the 3rd webinar of the medication without harm webinar series, on May 21st, 2022, from 11:30 to 12:30 GMT.

Theme: "Understanding the process of medication management to reduce medication harm"
