A Message From The Director

Every day, thousands of people around the world are getting harmed due to unsafe care, resulting in a high burden of death and disability globally.

Patient Safety 'Call-To-Action' campaign brings people together in taking action and pledging for patient safety.

You can be part of this campaign in an easy and interactive way.

Simply create your own version of the campaign poster and share it on social media to show your support and raise awareness for the cause. Use #UniteForPatientSafety

It will only take five minutes to create your own poster, but it will help protect millions of people all around the world.

I thank you for taking part.

Warmest wishes
